Smart Gate Pass Management For Better Control on Entry/Exit of The Users

Track & Mark The Entry/Exit Of The Users At Your Fingertips

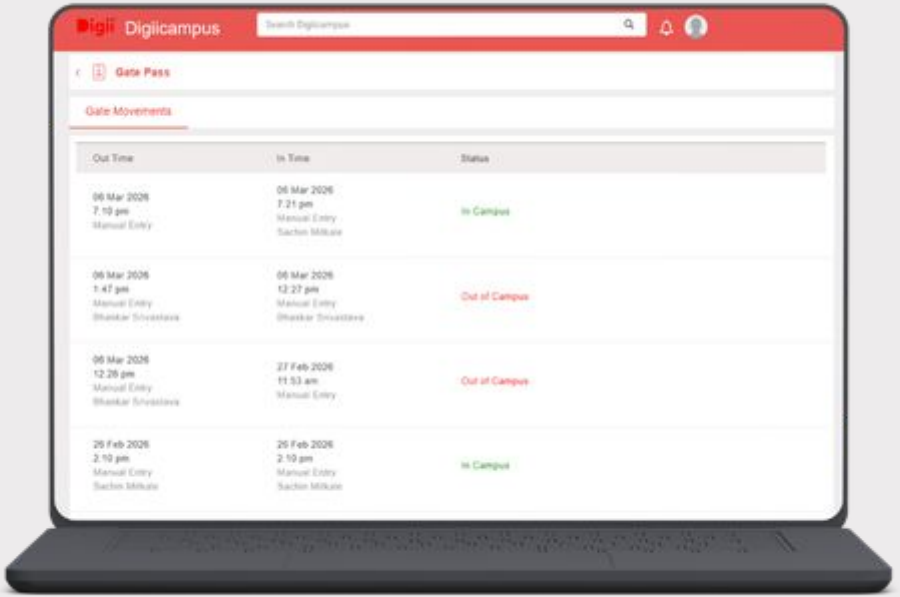

GATE PASS MANAGEMENT

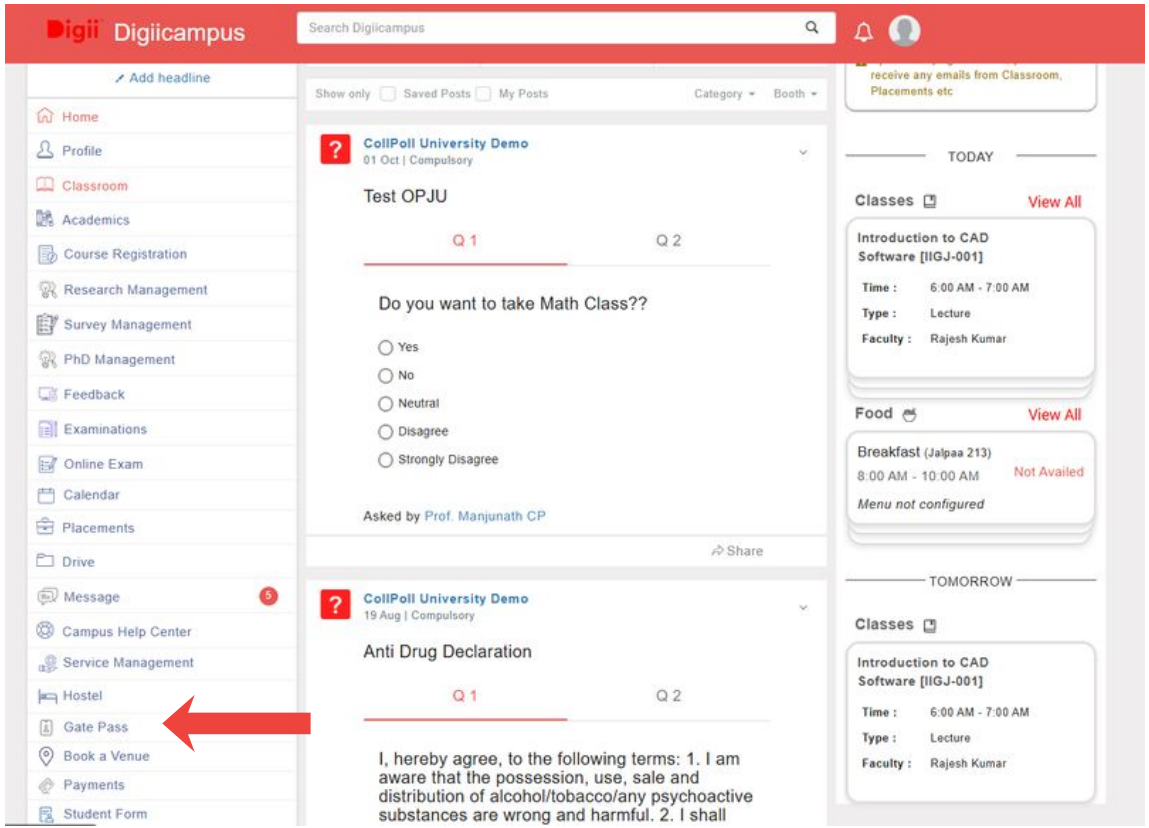

Digiicampus Gate Pass Management is an automated module that helps track and manage students' entry and exit from the institute premises. It records the duration of each visit and maintains proper records for security and administrative purposes. This system allows students to raise gate pass requests and ensures that all movements in and out of the campus are monitored efficiently.
