Digital E-Commerce Platform For Managing Contactless & Cashless Dining

Smart Marketplace Management

Vendor Management

- ☑ Add Multiple Vendor & Shops
- ☑ Map Shops With Infrastructure
- ☑ Privilege Based Vendor Management
- ☑ QR-Based Approval For Each Shop

Item Management

- ☑ Create Category and Subcategory
- ☑ Add Items to be sold within each Shop
- ☑ Define Cost, Min Qty, Max Qty
- ☑ Activate/Deactivate Items
- ☑ Auto-Approval for Order Placed on QR Scanning

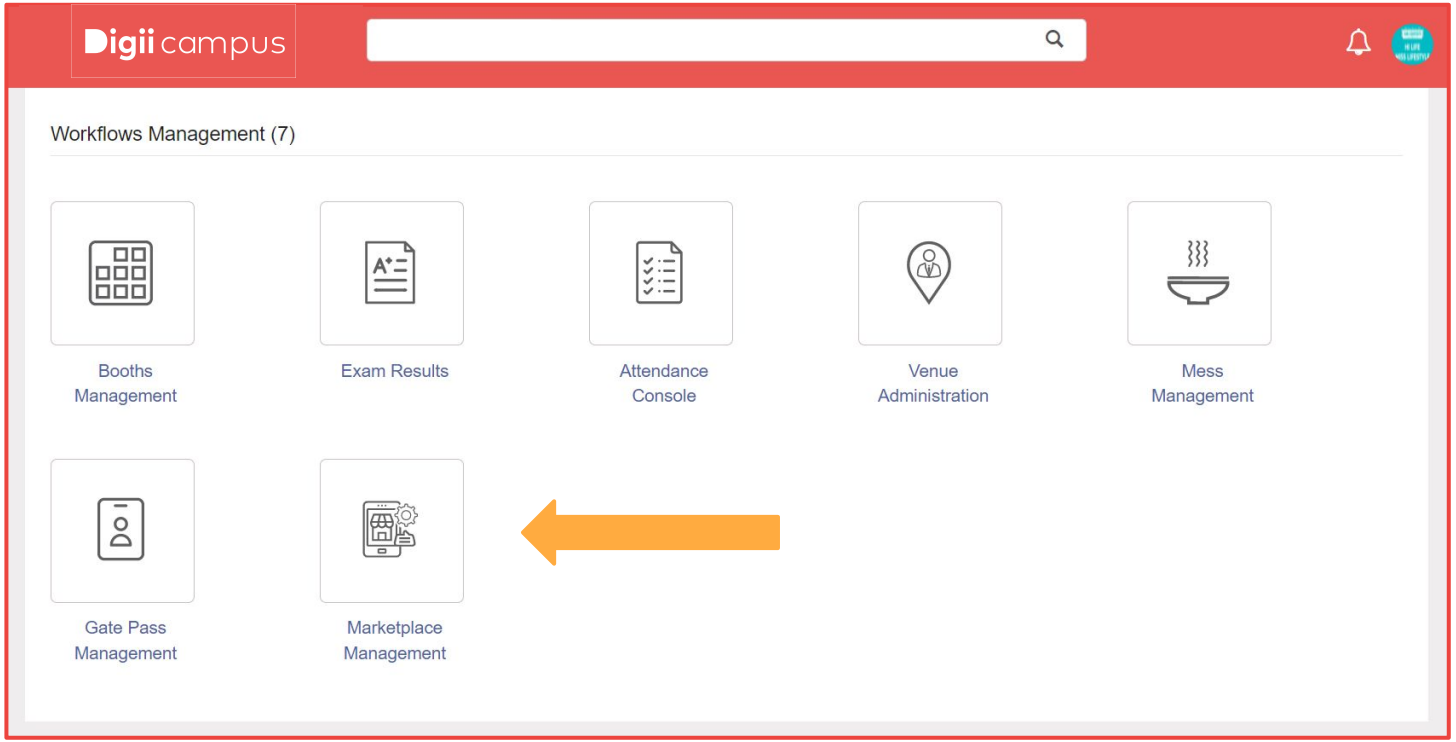

Live Console

- ☑ Make Order Ready or deliver or Cancelled based on the Inventory
- ☑ Real-time notifications to the Student w.r.to Order Status
- ☑ Order History & Financial Reports at shop-level

E-Commerce Platform

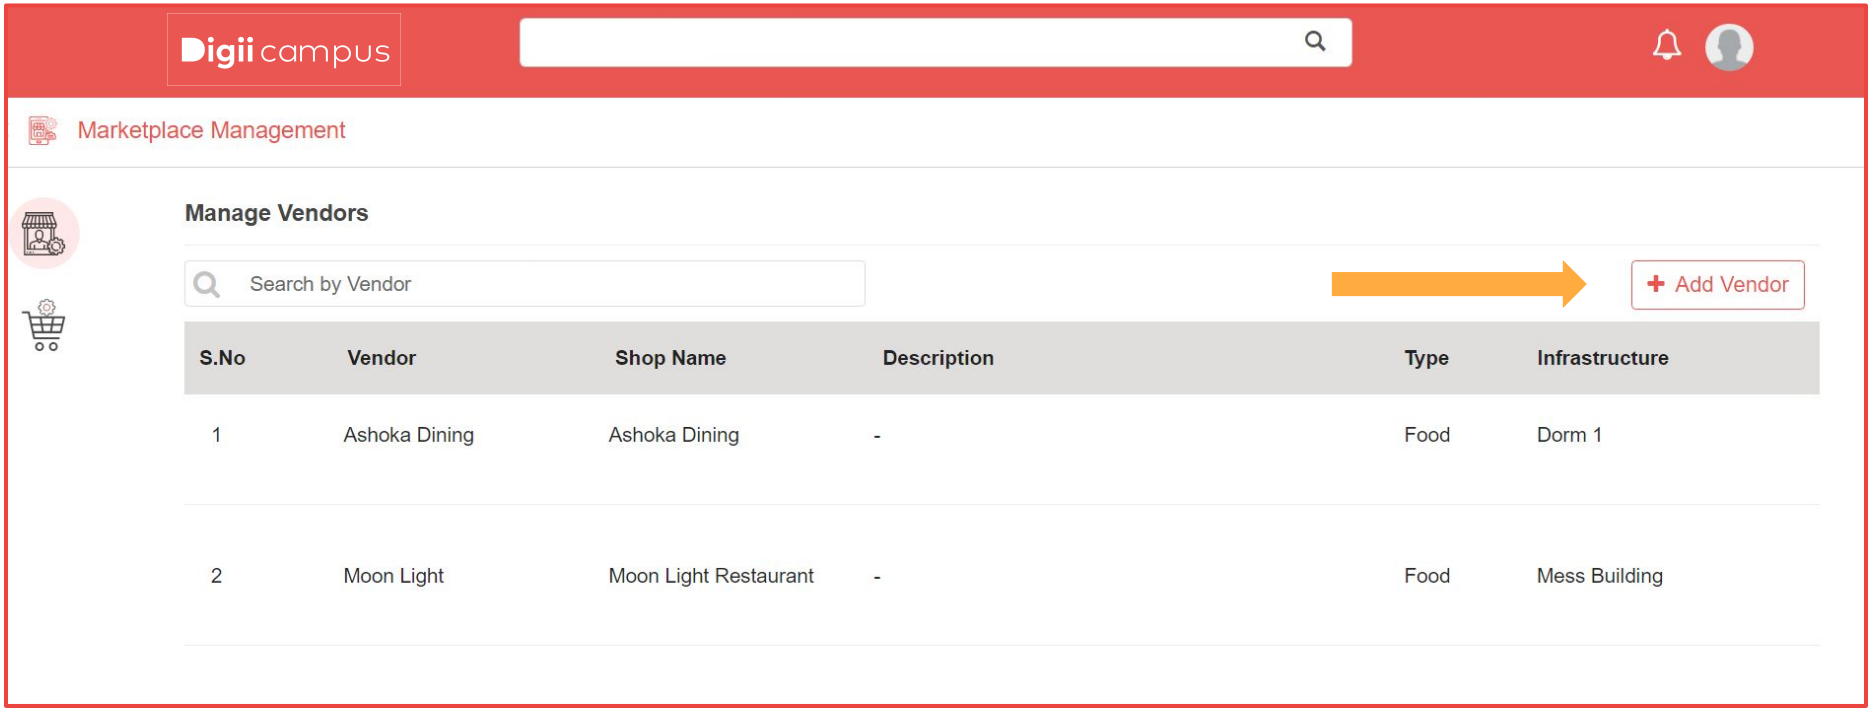

- ☑ Browse different shops within Institution and place order
- ☑ Order different items and get real-time notification w.r.to Order
- ☑ Order History & Financial Reports at User-level

Create And Manage Vendors

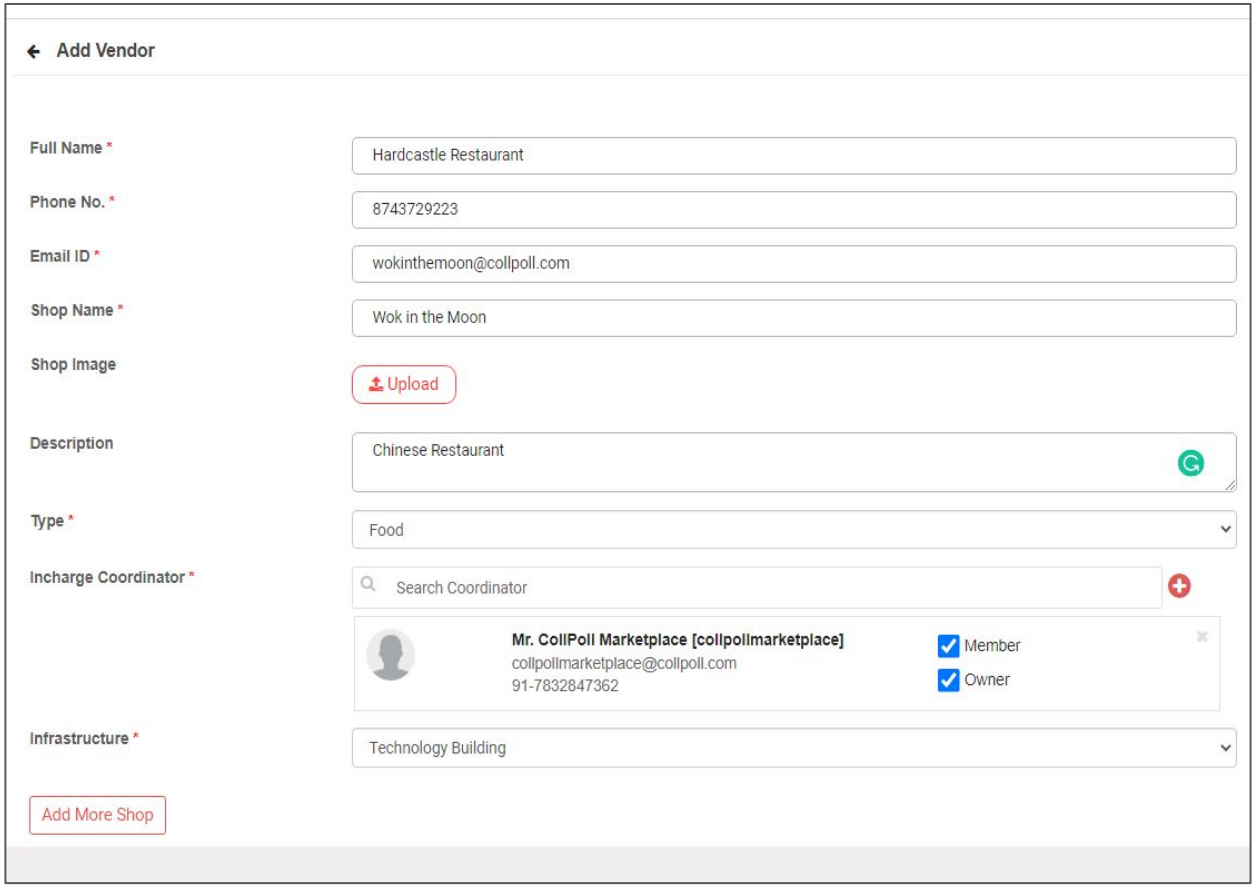

- Go to **Admin Console**
- Click on **“Marketplace Management”** under Workflows Management

- Click on **“Add Vendor”** in Marketplace Management
- Here, Ashoka Dining is for Buffet and Moon Light is for Combo

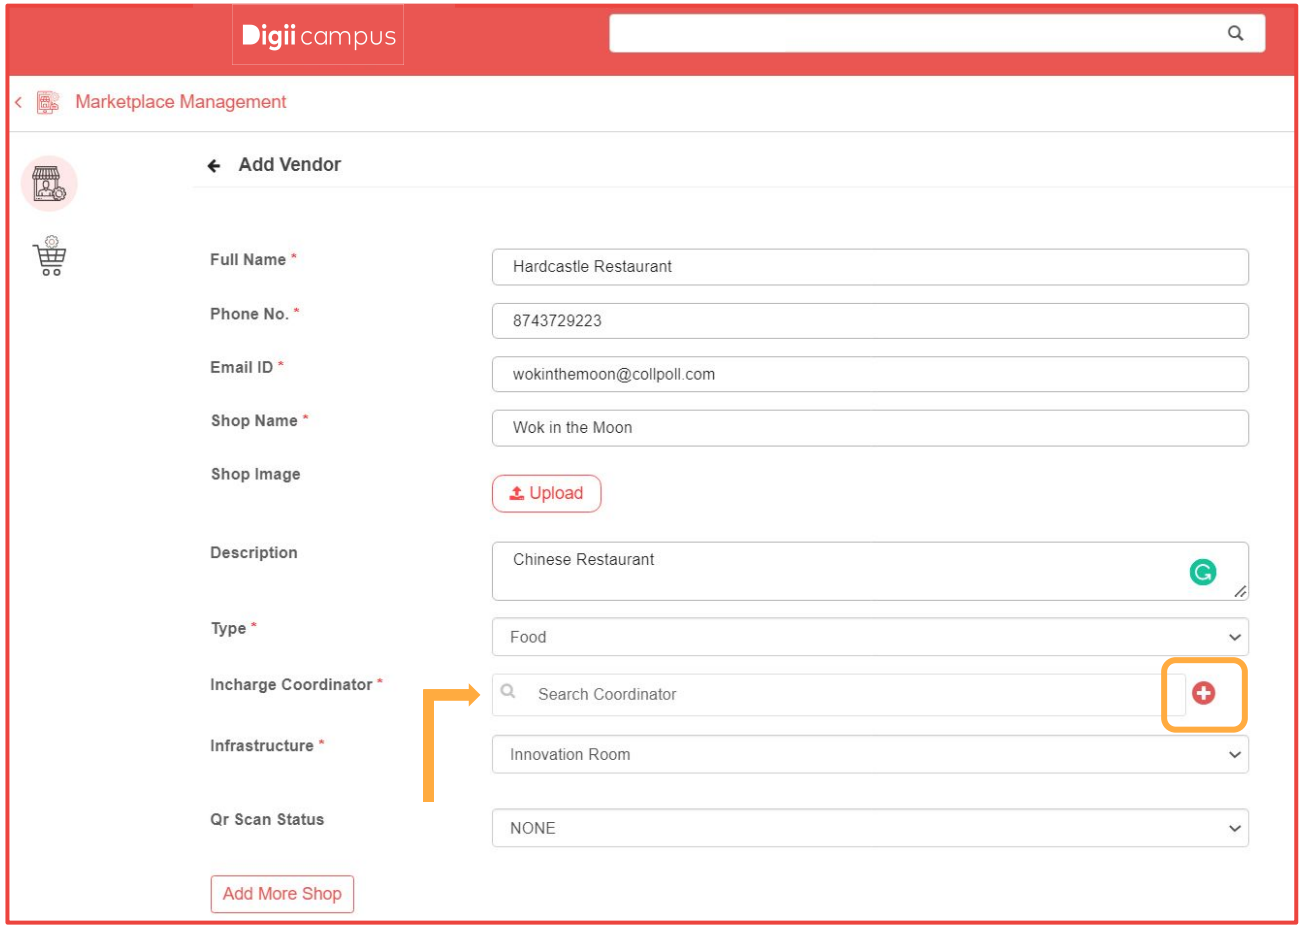

Add Vendor

Add Vendor & Shop Attributes to Create Vendor :

- Vendor Name, Phone No, Email-ID
- Shop Name, Image and Description
- Shop Type for e.g. Food, Courses, etc.
- Incharge Coordinator of the Shop
- Infrastructure
- Option to Add Multiple Shops in One Vendor

Add Vendor

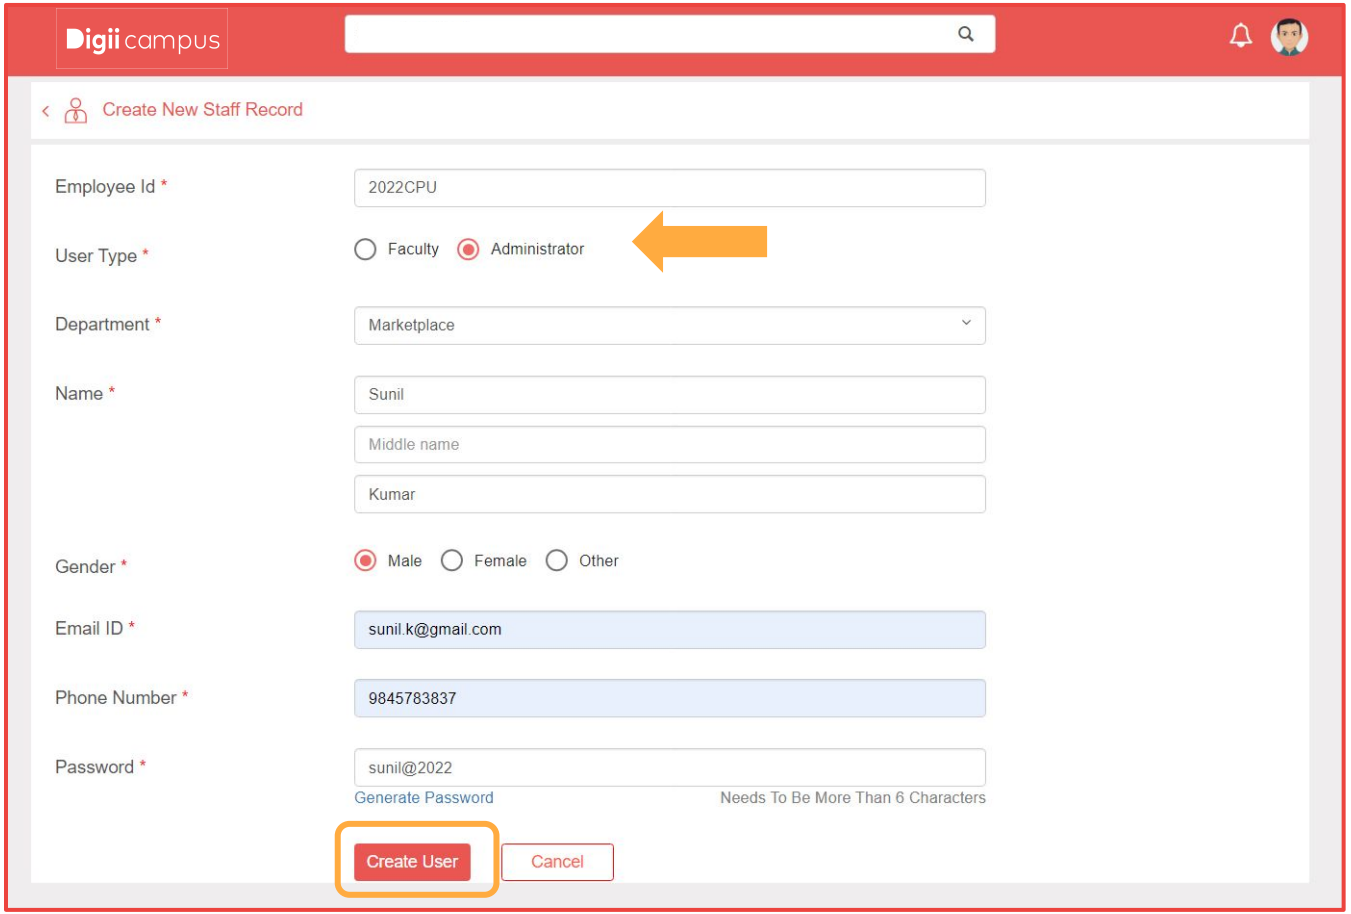

❑ **Method 1:**

Search the Name of the Coordinator in the Search Bar

❑ **Method 2:**

Create New User Record by Clicking on the “+” Icon

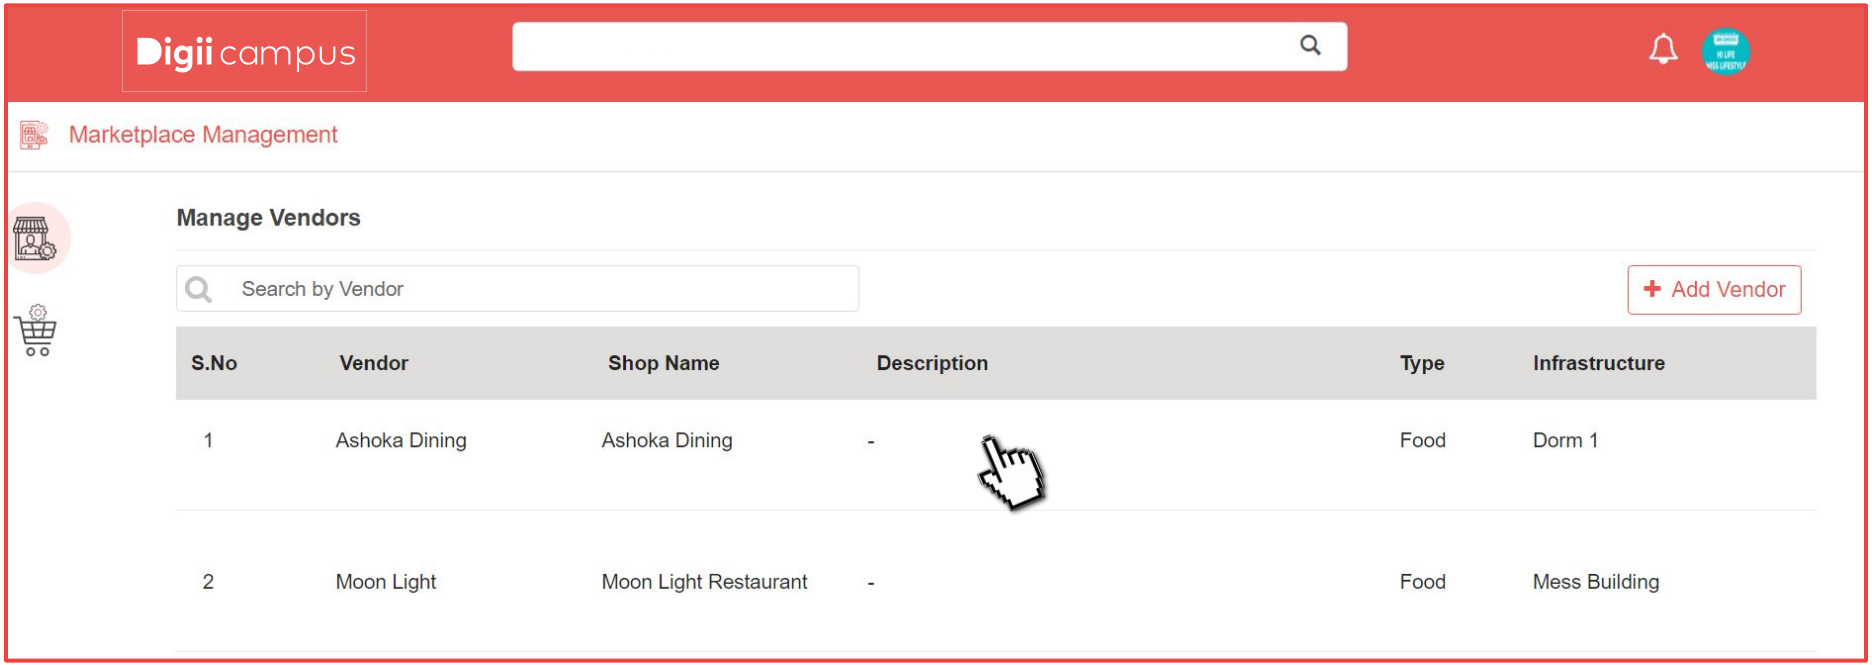

Add Incharge Coordinator

- Only admin can assign an Incharge Coordinator
- Add the required details and create a password for the account
- While adding Incharge Coordinator, select the user type as Administrator
- An email will be sent to new user

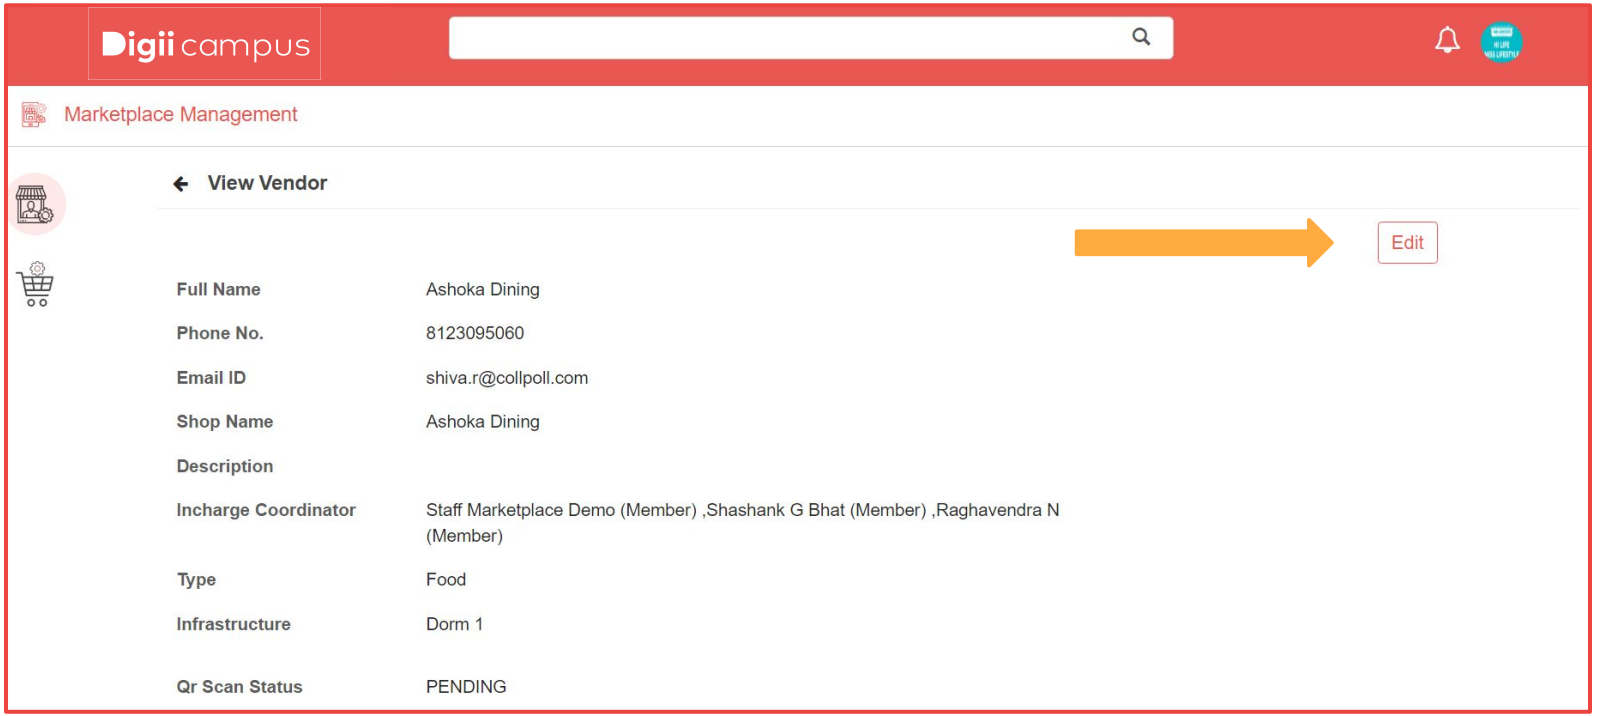

Edit Vendor details

Click on the particular Vendor to **Edit** Vendor Information or to Add More Shops Under the Vendor

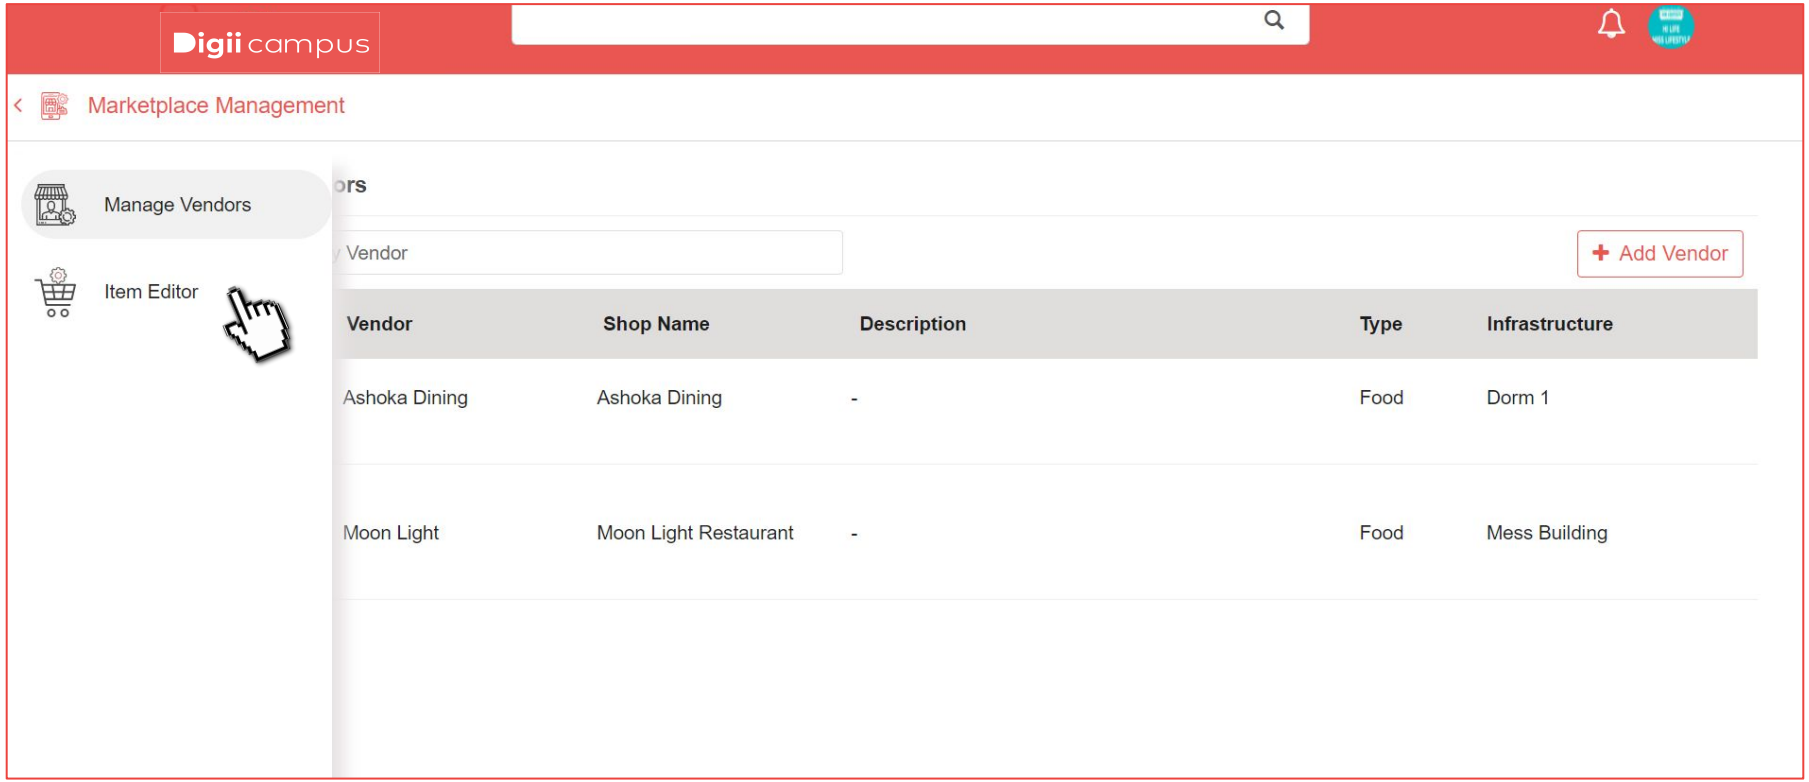

Edit Vendor details

- Click on **“Edit”** to Edit Vendor Information or to Add More Shops Under the Vendor
- If a shop wants to authenticate a user using QR Code, it must always select QR Scan Status as **“Pending”**

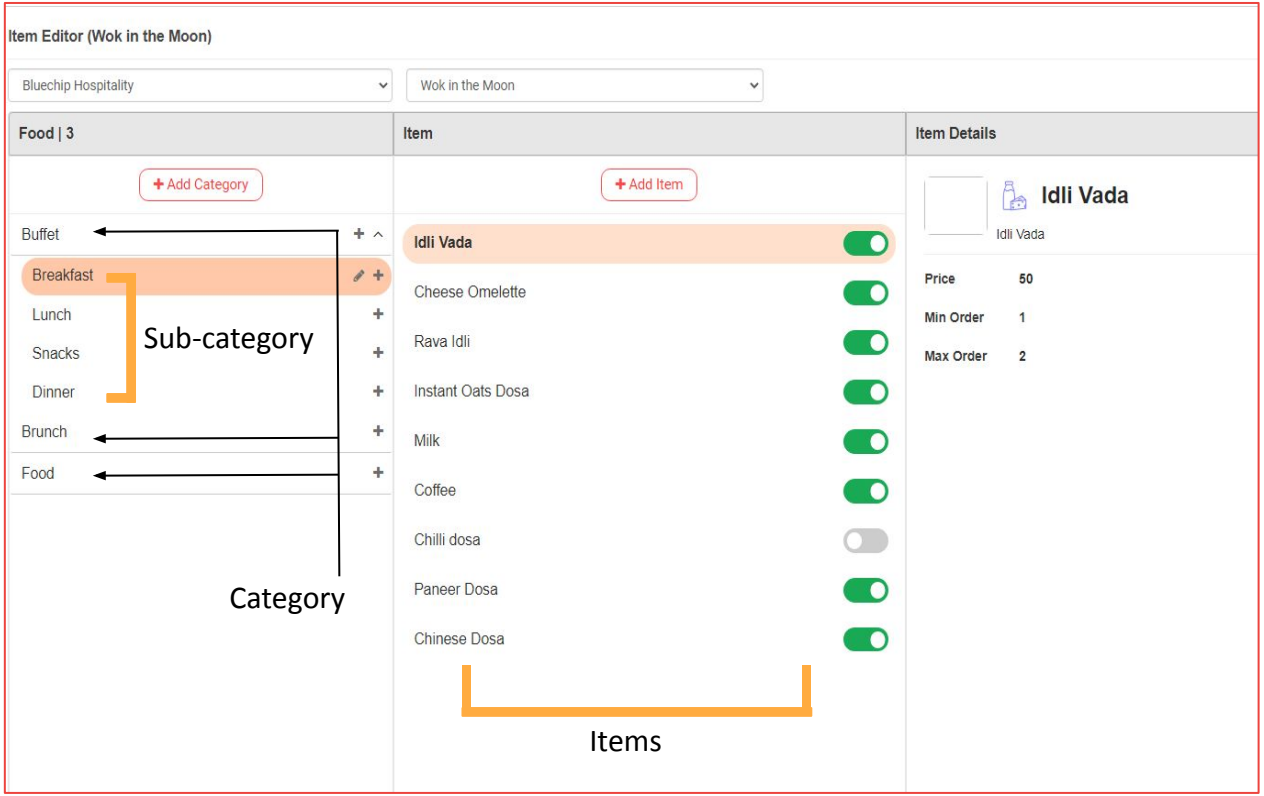

Manage Items

To add and edit food items, go to “Item Editor” in Marketplace Management

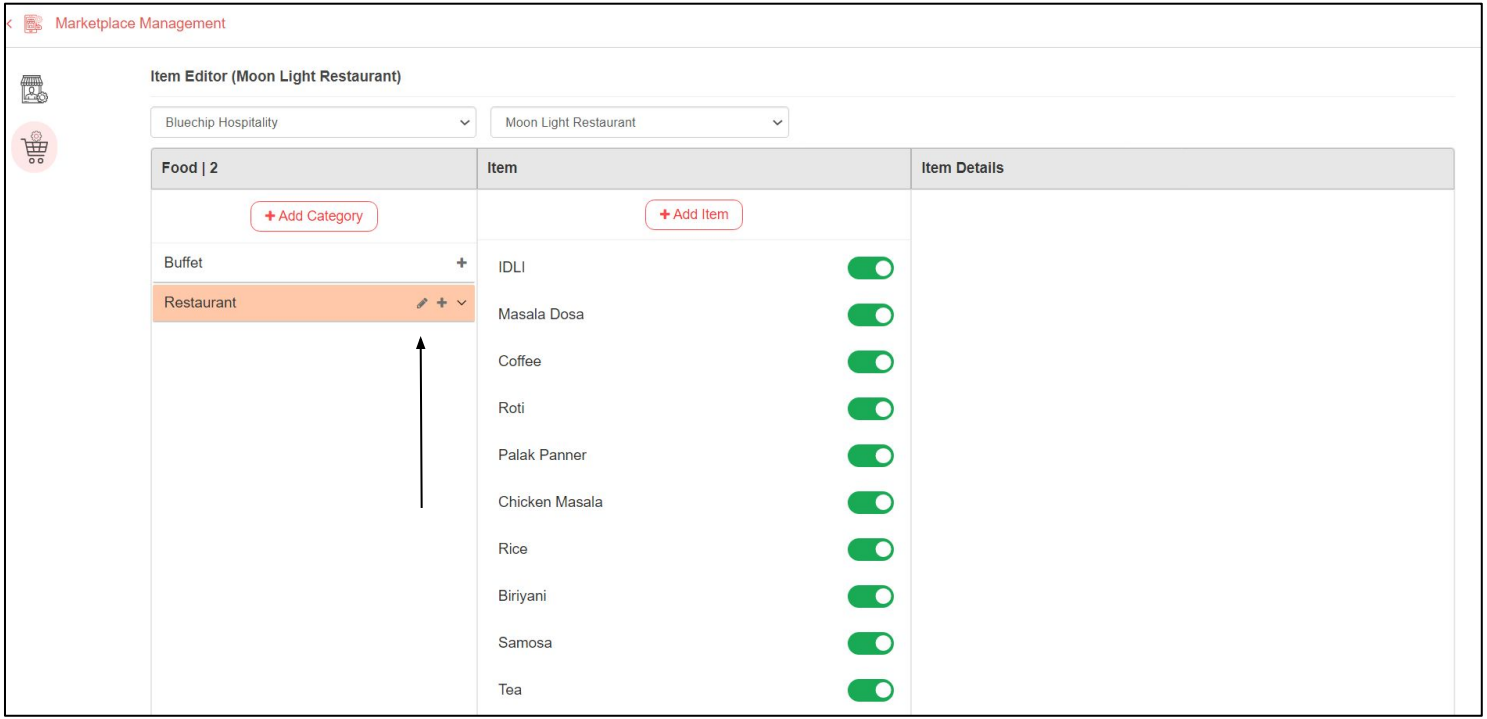

Add Item Attributes

Add Item Attributes within Shop

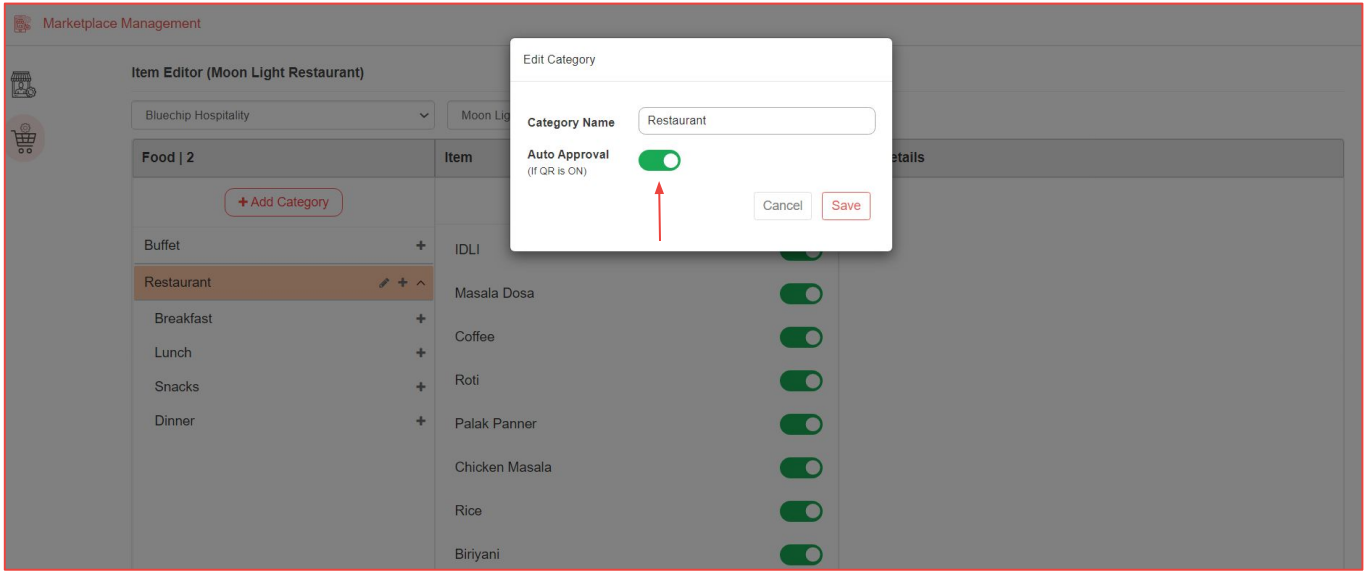

- Add Categories (Buffet, Brunch, Food etc.) and Subcategories (Lunch, Snacks, Dinner etc.)
- Subcategories are non-mandatory
- Add Items within Categories and Subcategories
- Define Item Name, Description,Price, Min Order and Max Order
- Option to Activate/Deactivate Items at any point of time

Enable Auto-Approval For An Item Category

- Click on the **"Edit Icon"** next to any Category to enable Auto Approval of Food Items in that Category

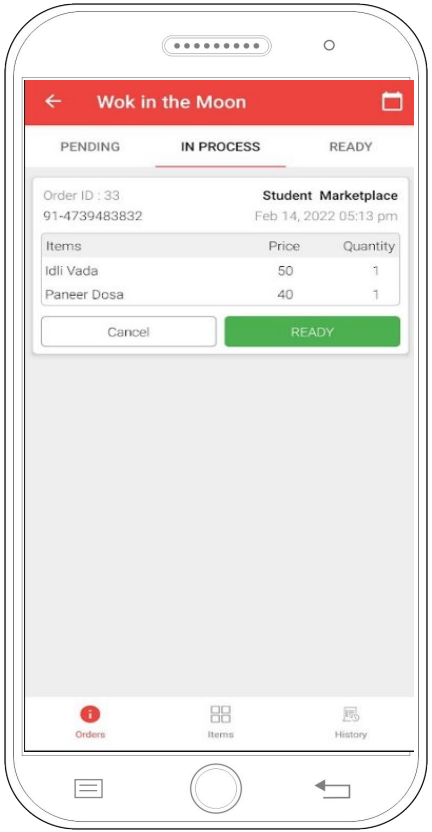

Enable Auto-Approval For An Item Category

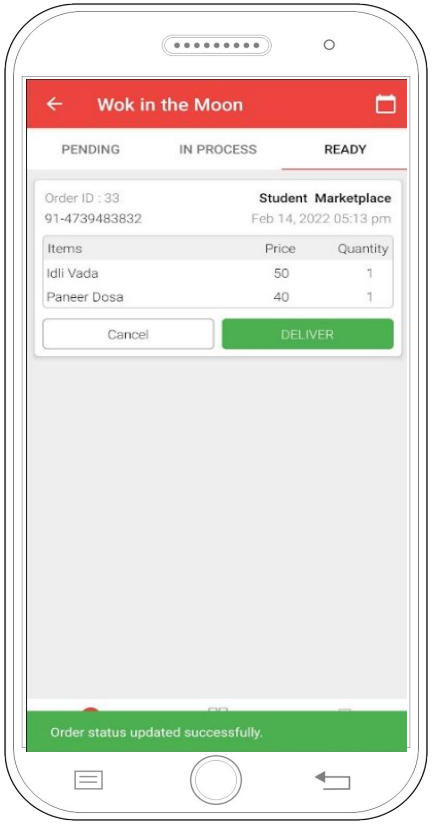

- Auto Approval is at Category Level
- If Auto Approval is On and Vendor Scans the QR Code of User, Order Status Directly Changes to **“Delivered”**
- This Is Mainly Used Where Shop Wants to Give Bulk Approval of Orders For e.g. Buffet

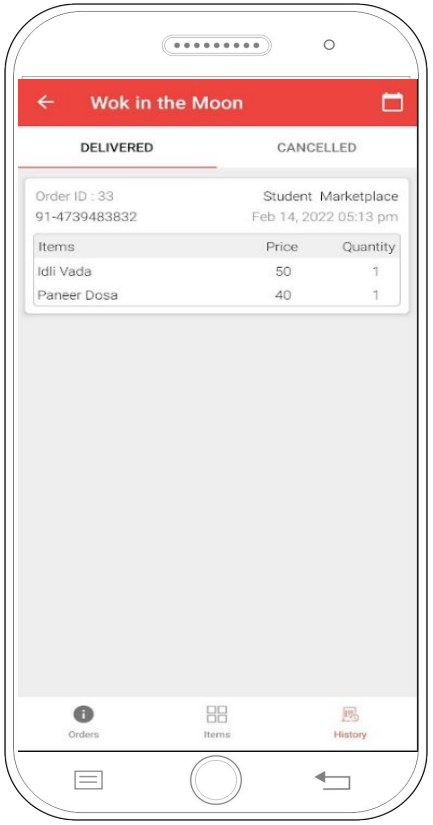

Confirm Order if Inventory is available
