MESS MANAGEMENT SYSTEM

Digii campus

Mess Management System Seamlessly enables a hassle-free dining experience within the premises of educational institutions It Automates canteen-related activities such as Mess allotment, Menu display, Meal Coupon Generation, Meal Tracking and much more. Admins can easily configure the Mess details, Meal details, Menu details and User details. Admins can also download the Mess Analytics Report Admins can also enter the Avail coupon number from the web and mobile

PROCEDURE- BRIEF OVERVIEW

Digii campus

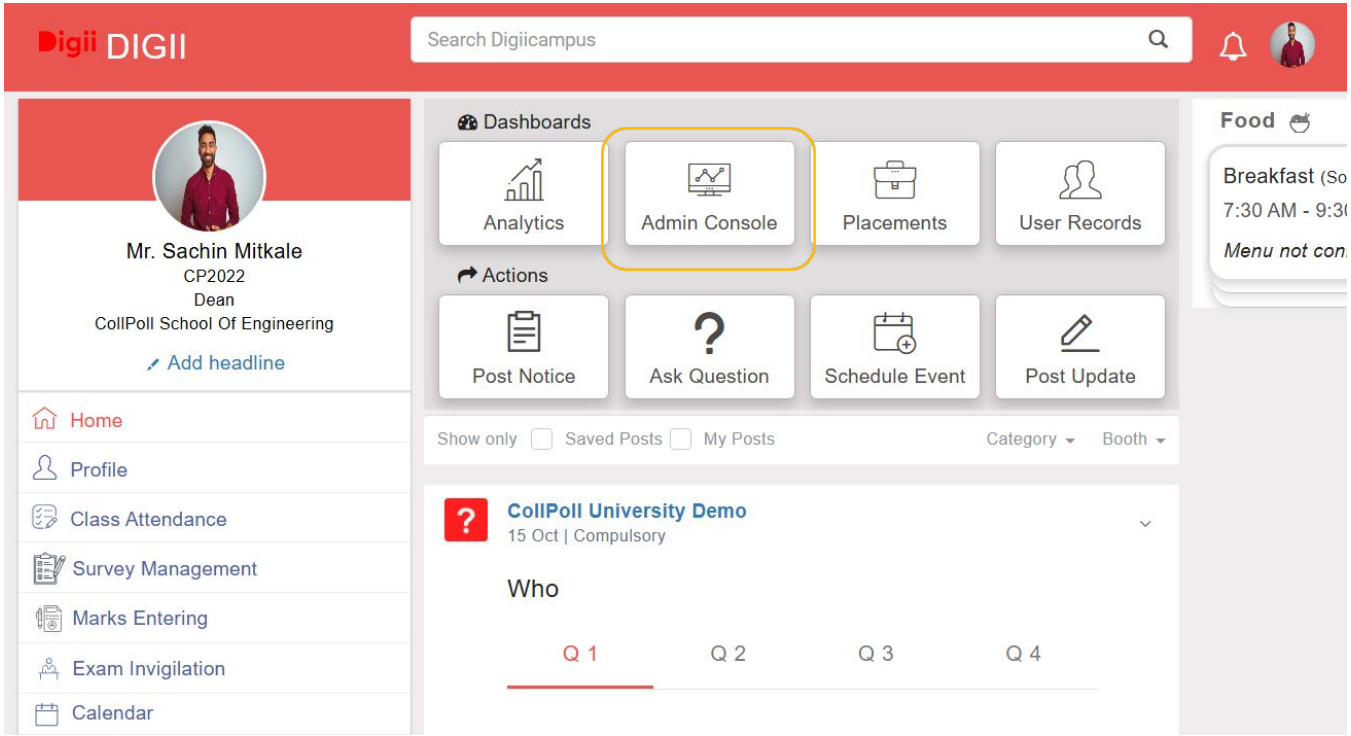

Step 1 : Mess Infrastructure has to be configured. All the Mess/Canteens present in the Institution have to be added under **‘Infrastructure Management’**.

Step 2: An Admin can access the Mess Console once he gets the privilege from Roles Privileges. He/she will be able to manage all the Configurations under Mess Management.

Step 3: Admin can map users to Mess, Menu details and Meal details under Mess Management.

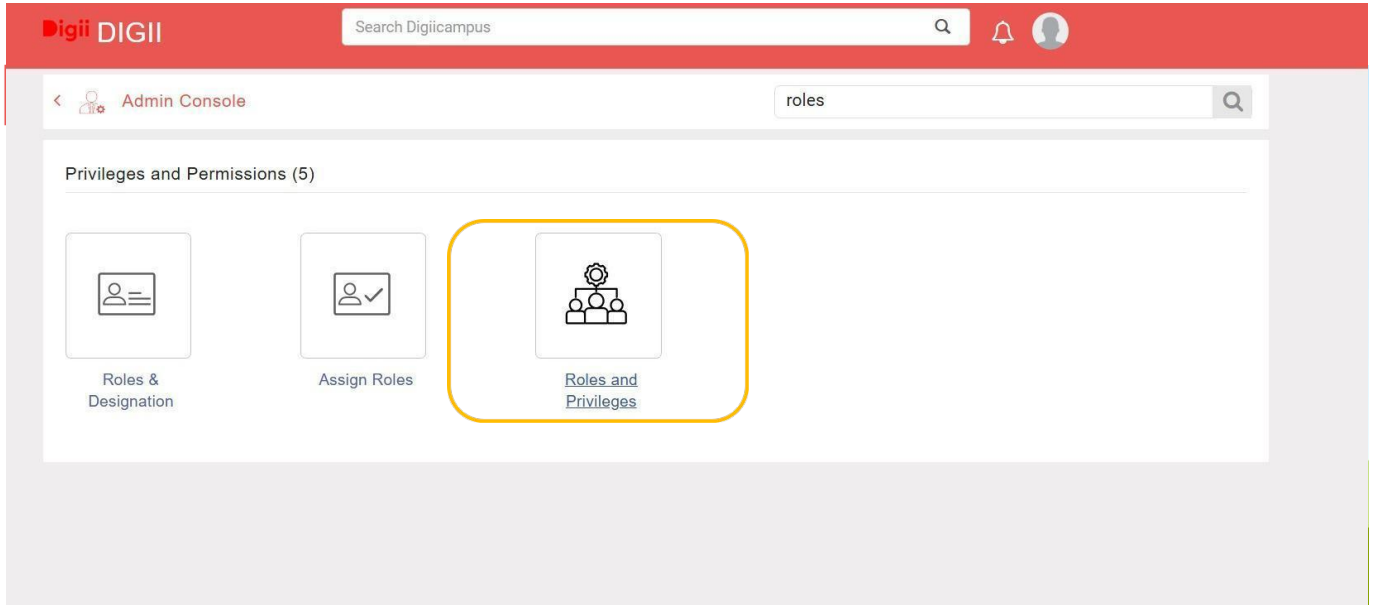

Step 4: Smart Tablets/Kiosks have to be set up in all the Mess/Canteens, for the Users to be able to avail the meals.

Navigation to Mess Management

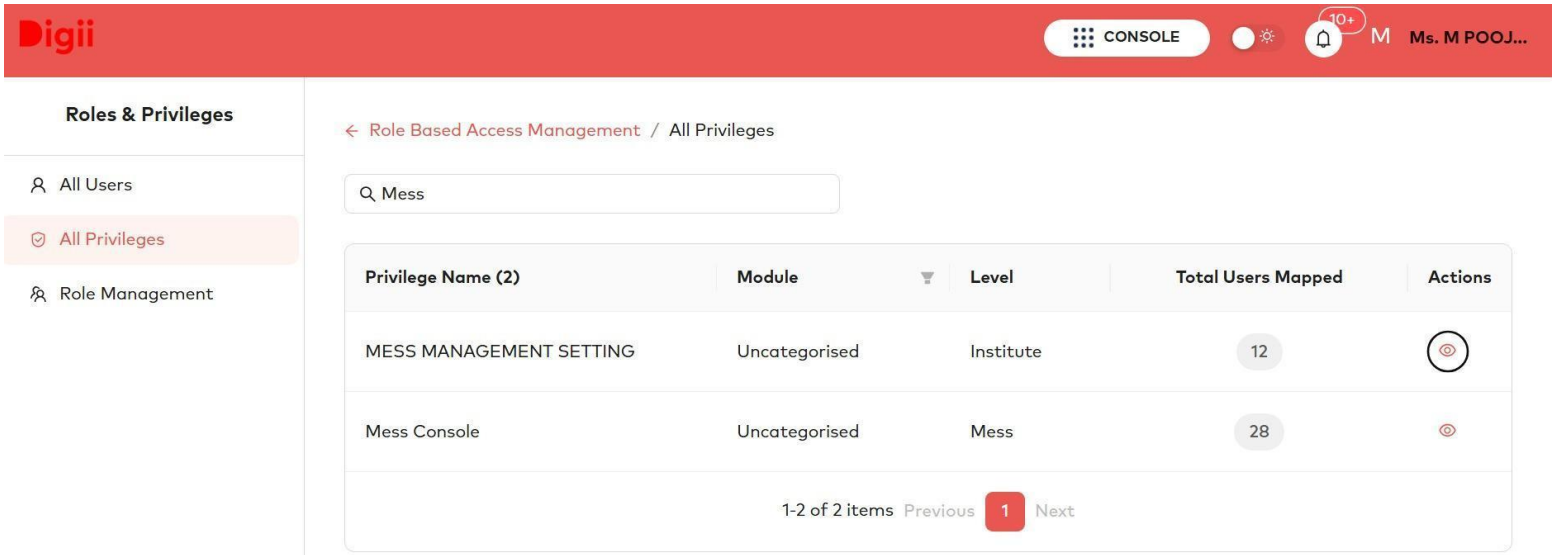

Login into the admin account & go to **Admin Console**

Roles and Privileges for Mess Management

Go to Roles and Privileges Under **Admin Console**

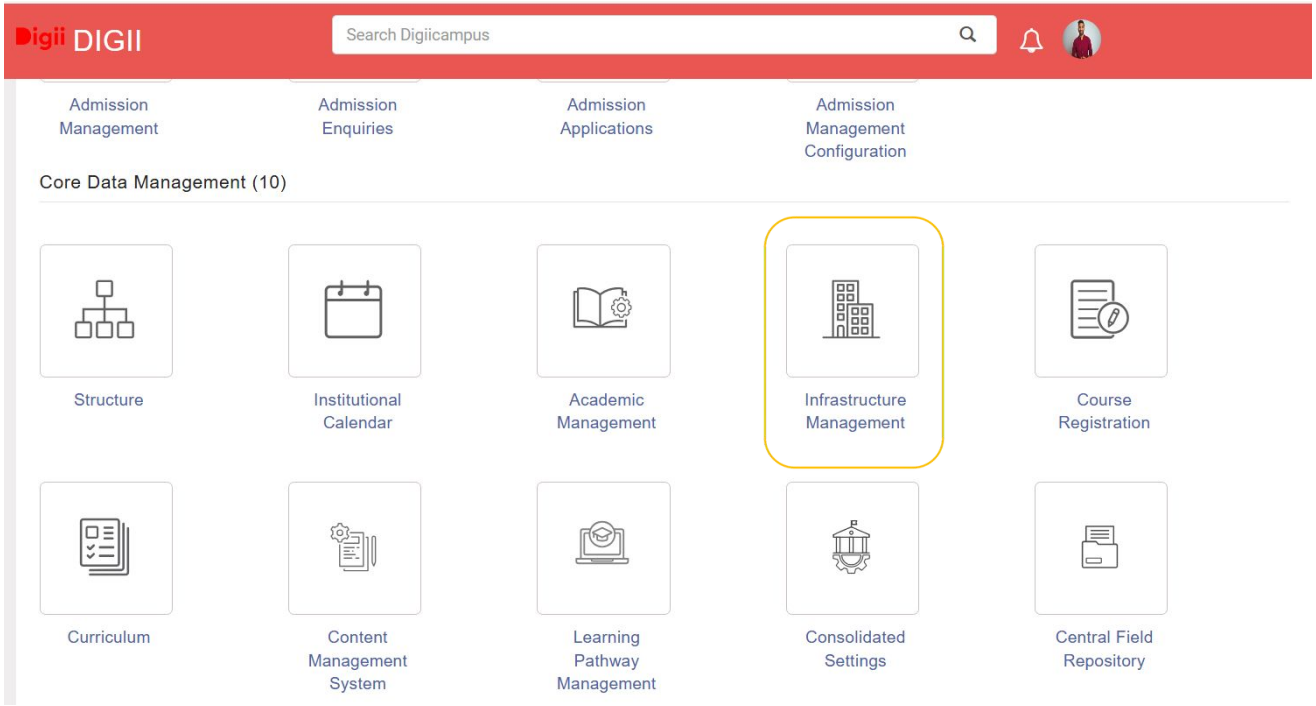

Privileges for Mess Management

In **All Privileges tab,** search for Mess. Under Mess Management Settings, click on **Actions** and add the required users to grant Create and Edit access for **Mess Management**.

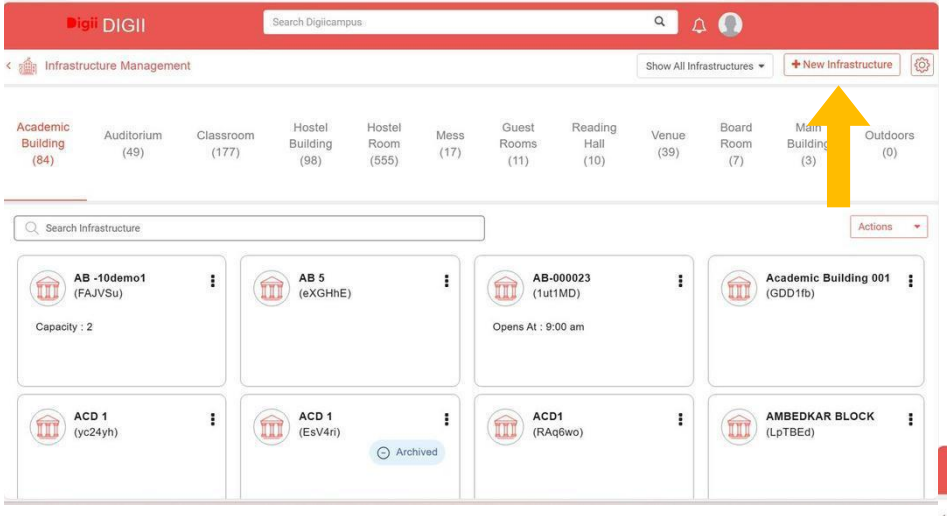

The **Mess Console privilege** allows users to scan QR codes and manage mess reports.

Navigate to the Infrastructure Management Module

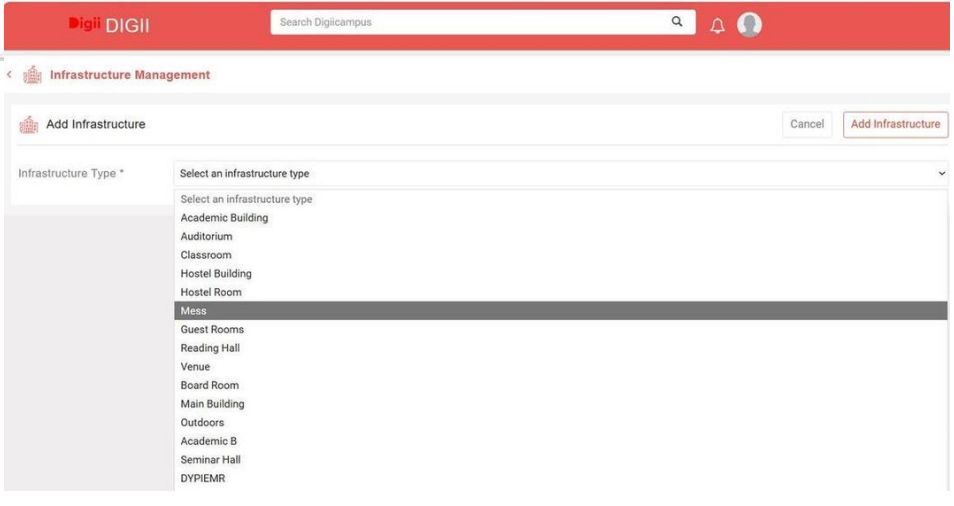

Go to **Infrastructure Management** under **Admin Console**

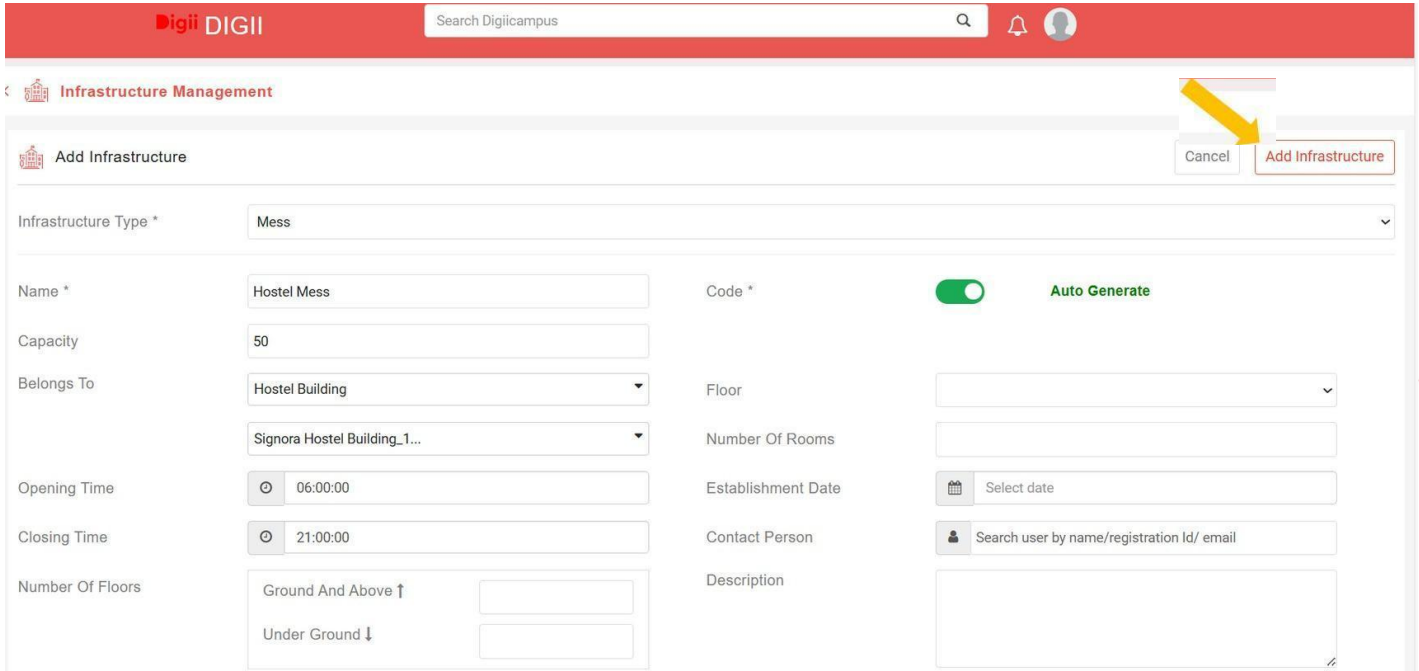

Add New Infrastructure and Select the Type as Mess

Click on Add **New Infrastructure** & select the infrastructure type as Mess

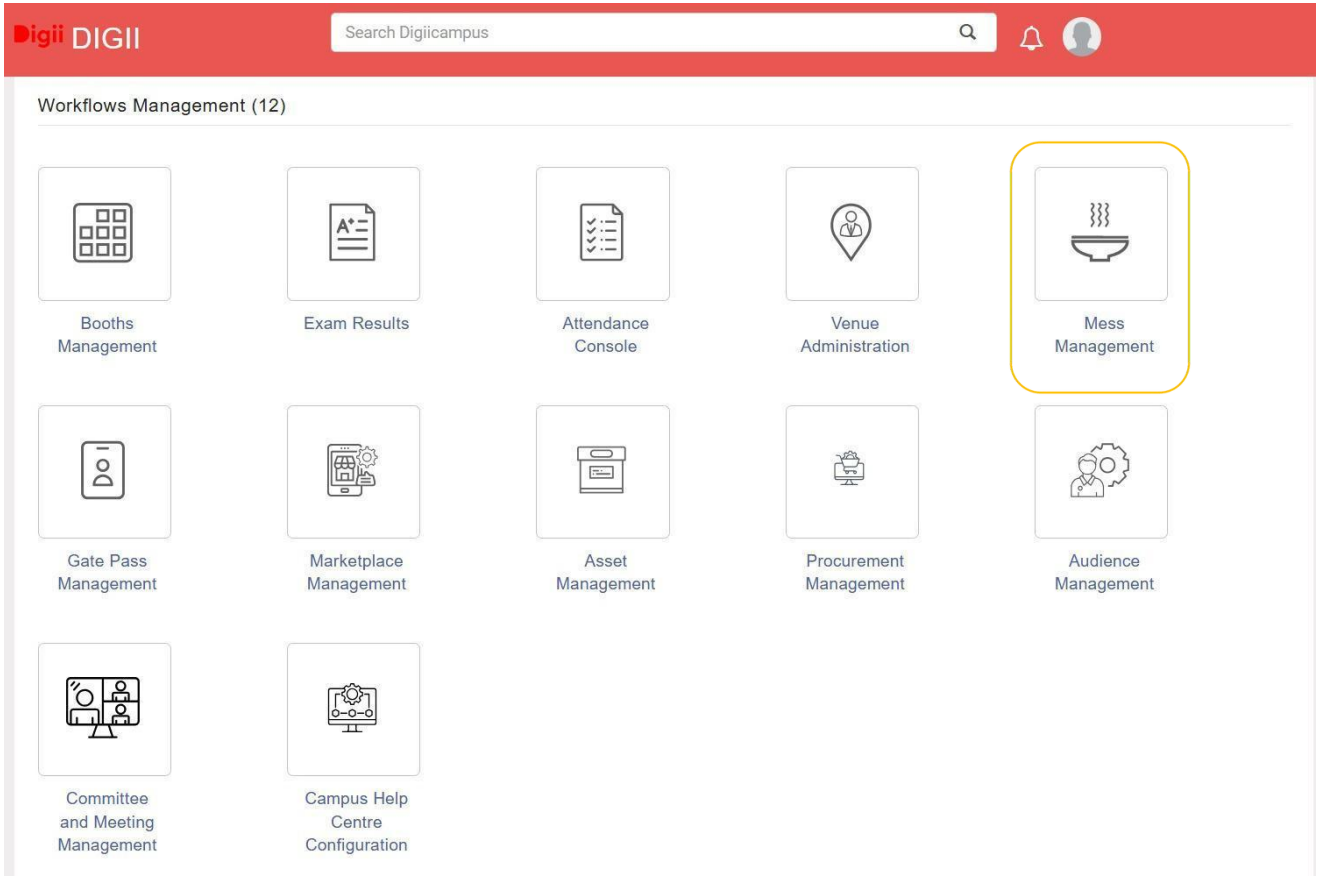

Add the Details of Mess in Infrastructure

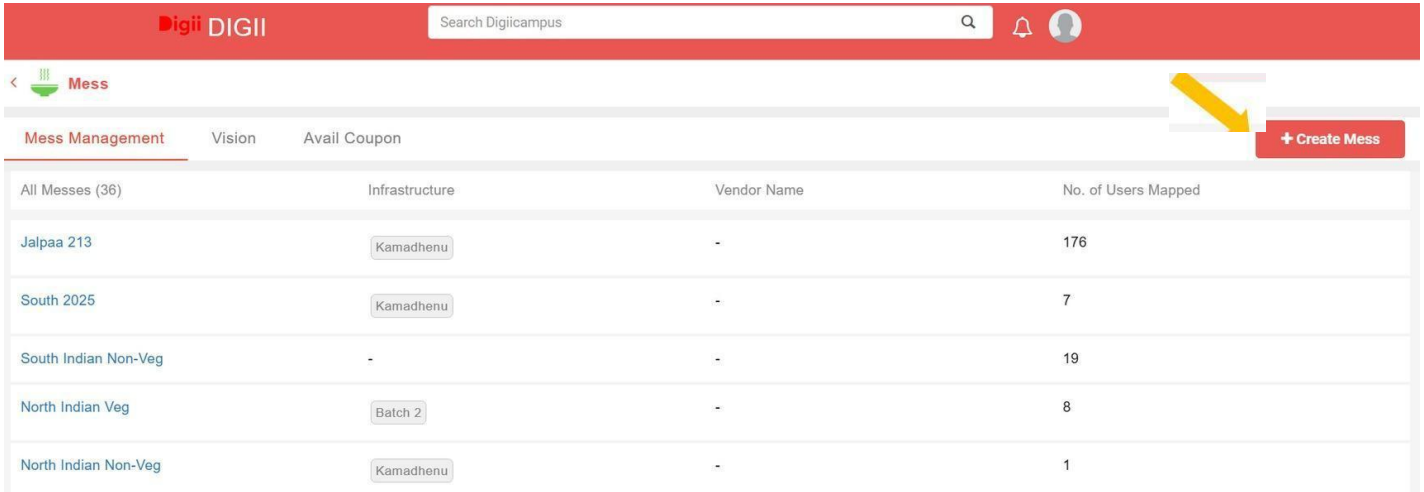

Add all the details of a mess & click on **Add Infrastructure**

Mess Management

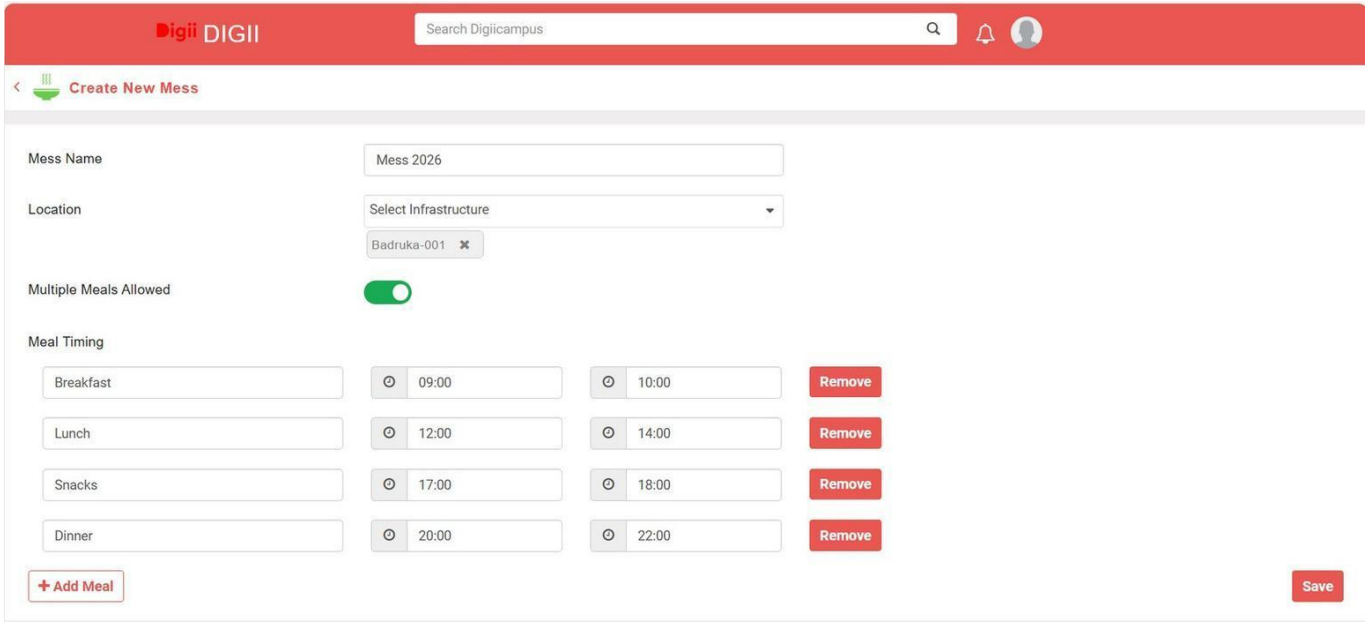

Go to **Mess Management** under **Admin Console**

Create a Mess

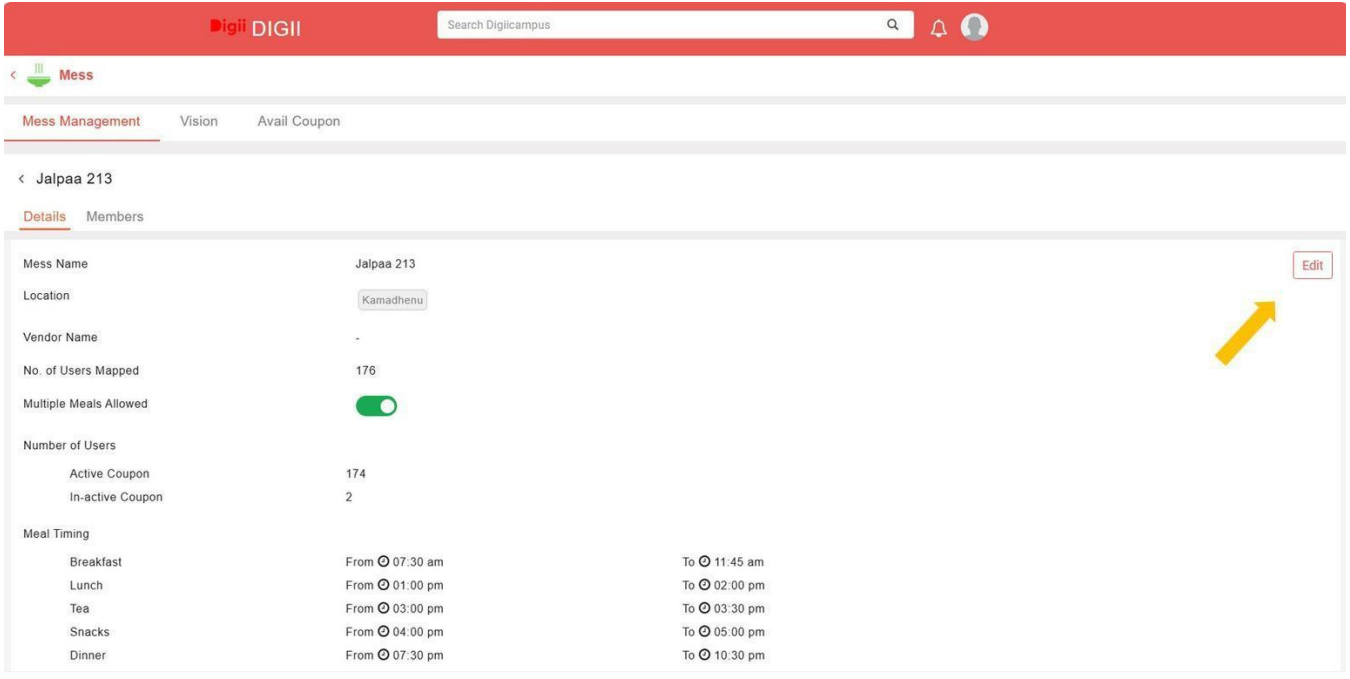

Click on Create a Mess

Mess Management Configuration

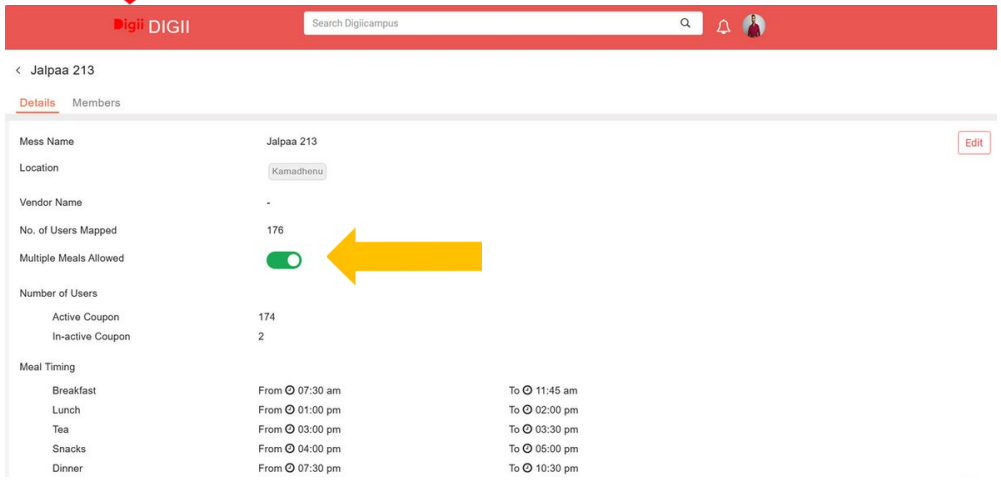

Add the **Mess Name** and Location. If multiple meals are allowed, enable the toggle, then add the Meal Timings and click **Save**

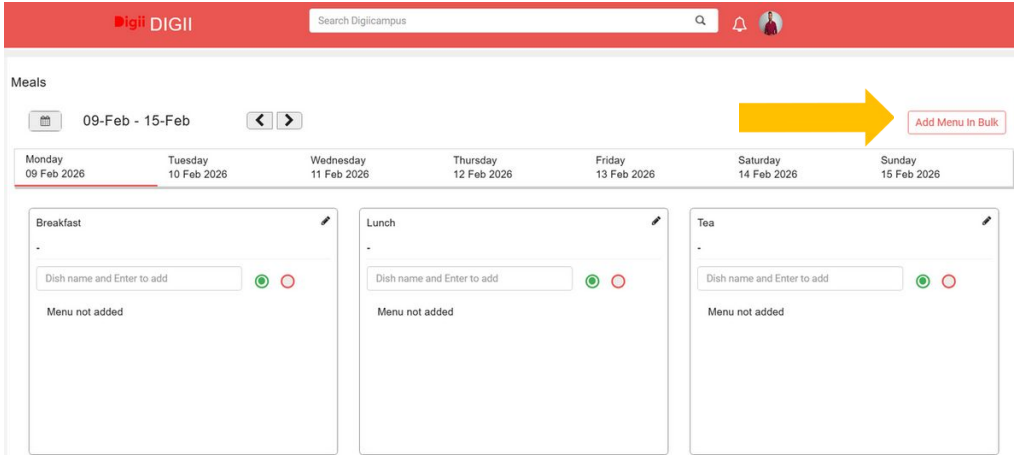

Edit The Configured Mess

When you click on a particular Mess, you will be able to see Mess details like Name, Infrastructure, Users and Meals. You can also **Edit** these details

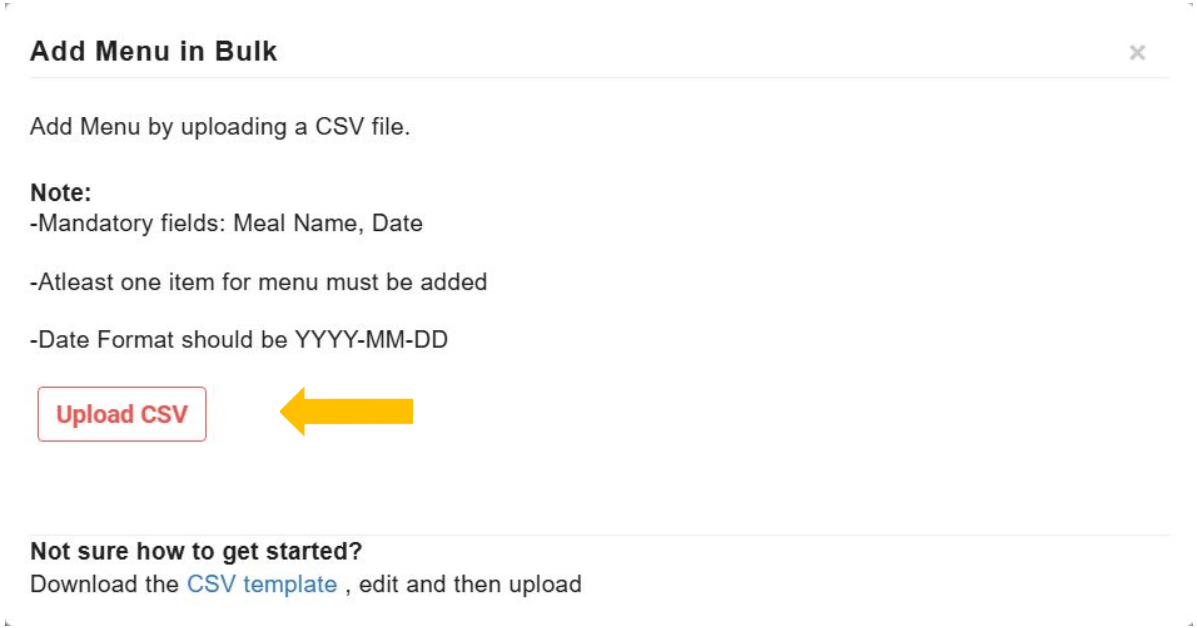

Edit The Configured Mess

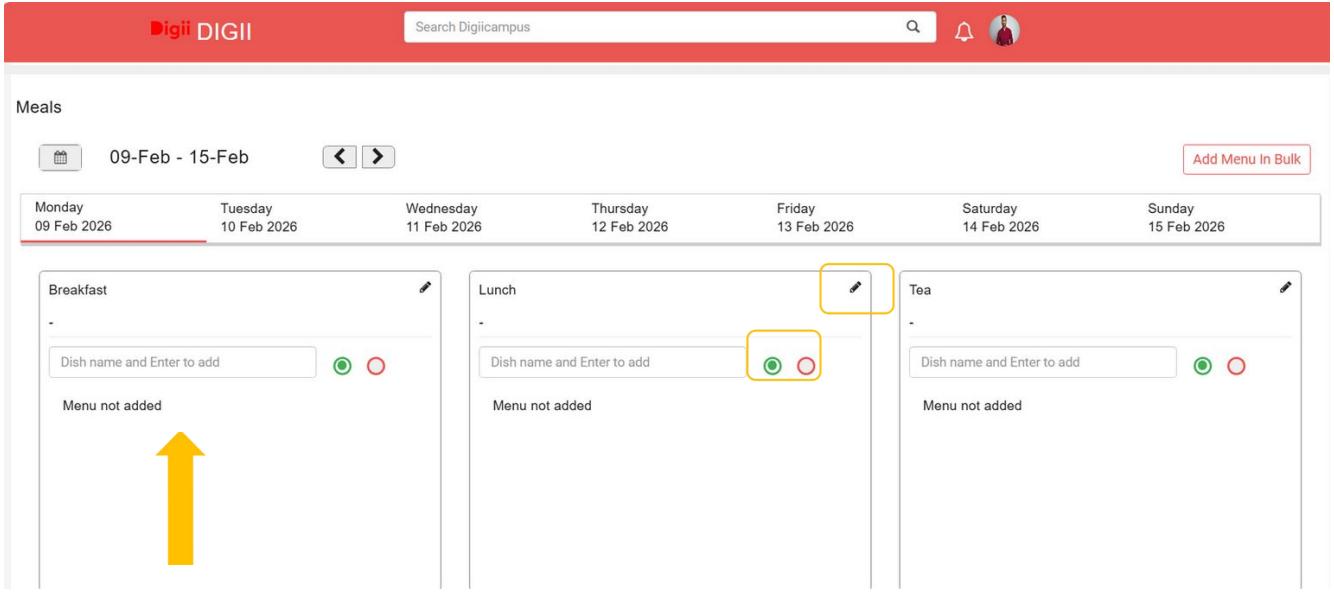

- You can edit all the details and click on **'Save'**. Turn on the toggle button if multiple meals can be availed by members.
- In the same page, you can add the menu details individually, for each day and each meal, or **Add Menu in Bulk**

Bulk Upload Mess Menu

You can Add Menu in Bulk by downloading the CSV template and filling in the details in the required format and uploading it

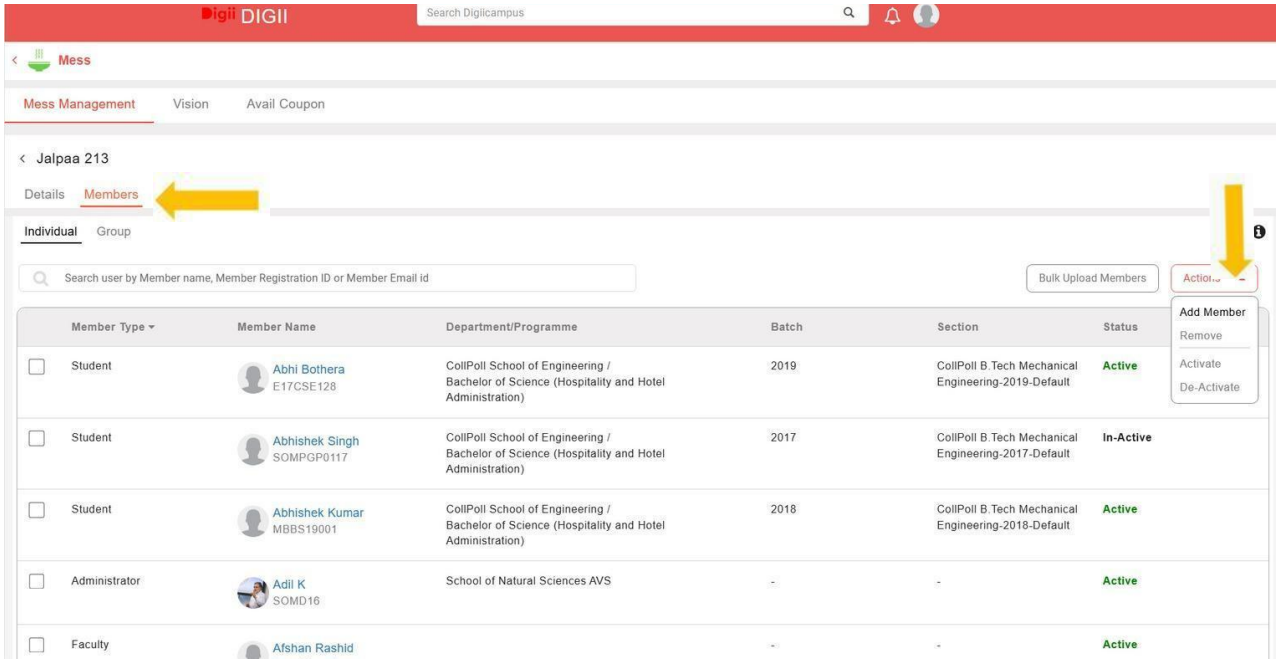

Configure Mess Menu

- To add Menu Individually, Type the item, choose green button for Veg and red for Non-Veg, and press **Enter**
- You can **Edit** the Menu details by clicking on pencil icon
- You can set or edit the meal timings and add or remove menu items.

Note : meals can only be availed within the timings defined here.

Manage Mess Members

Click on **'Members Tab'**.

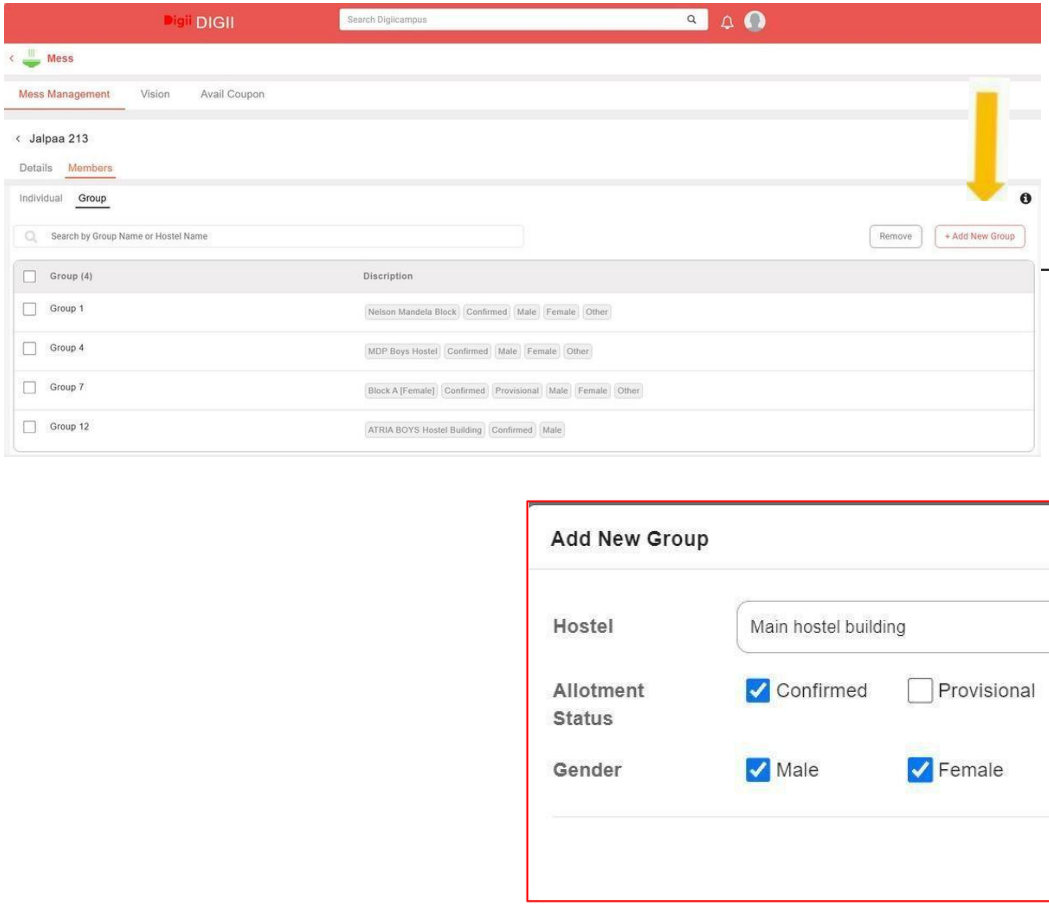

Select the Users from the List

Click on 'Add Member' and search a user to add them to the Mess.

Similarly, Select the Users and click on 'Remove, Activate or Deactivate to take respective action for a user.

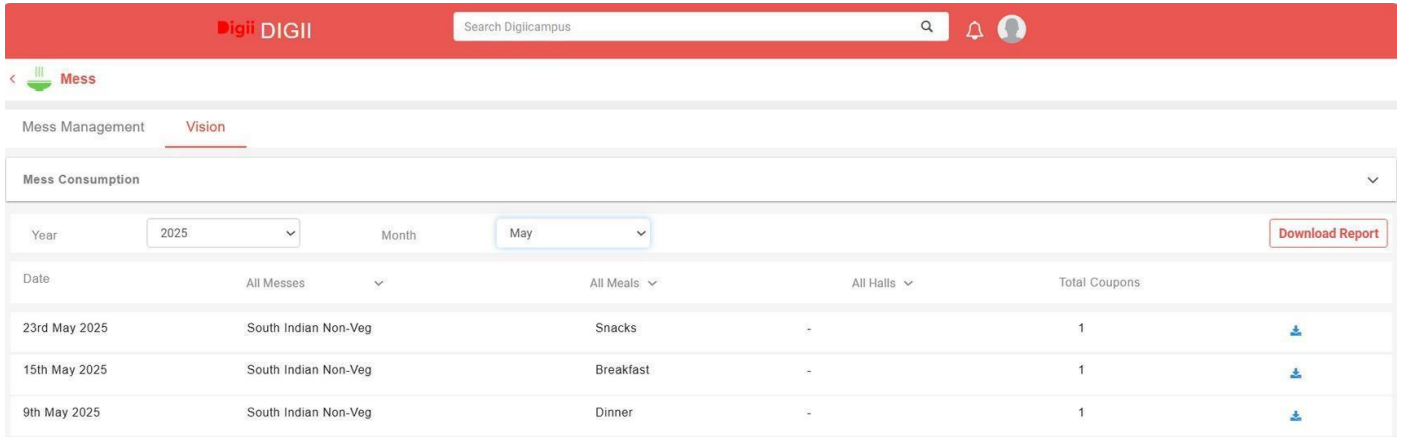

Note: If a member is added to the mess on a given date ,the corresponding mess meal coupons will be generated effective from the following day.

Manage Mess Members

- If a member's hostel status changes to “Cancelled” or “Checked Out” allotment, then the member will be removed from the mess.
- Only members with 'Confirmed or Provisional' allotment status will be a part of the mess.
- The Allotment date does not change the status of a student

Download Mess Report

Under Vision, yo can get real-ti

data of the meals availed.

You can also download Report from the dashboard

You can also track meals availed for a specific month

You can personalise your se requesting data of meal consumption based on Mes Venue, Meal type and Mess location. Click on the 'Down icon, to generate a report f same

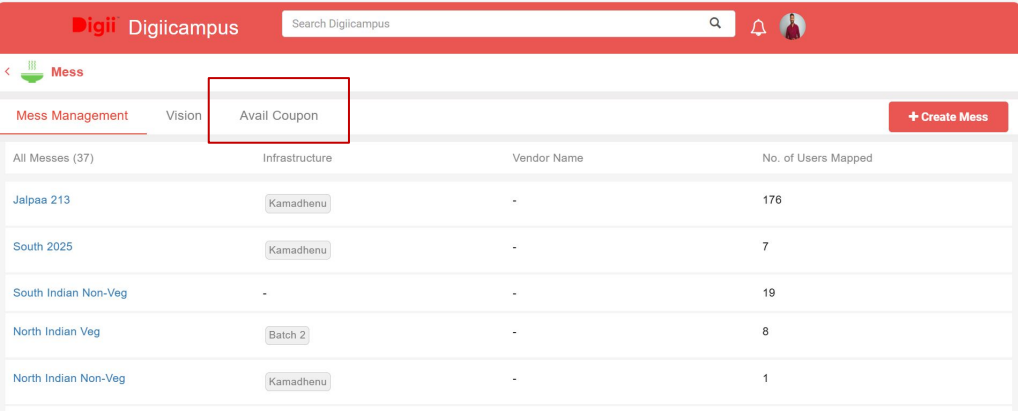

Download Mess Report
